

Guess the song

BY A MIAH

What the app does ?

In this game, you will hear songs and options of the song will appear and you can choose which song you think it is. You can also pick what type of music you like such as pop, jazz and many others .

How it works !

First, you click on the app on your device. Next, you choose what type of songs you want like 1900s songs, new songs and many more .Then you pick if you want pop songs, jazz and etc. Then you listen to the song and choose what you think the song is . If you take more than 20 seconds to pick an answer you will get the question wrong.

Levels

There are lots of different types of levels - you can choose - all the way up to five .The hardest level is five but you can only play on that level if you pass all the other levels .

What should the second button do ?

- The second button (the help button) tells you what to do if you get stuck or get lost while playing the game
- It helps you to explore the game with confidence
- It will help you understand the game

What the third button does?

- The third button allows you to have a trial before you actually start the game
- If you don't need a trial you can skip it and start the actual game

Wrong!!
